

*In the Name of God*

# **Curriculum Vita**

## **General Characteristics**

**Family Name:** Keyhanmanesh

**Name:** Rana

**Work Address:** Physiology department, Tabriz University of medical sciences

**Phone:** (Work) 098 4133364664

**Fax:** 098 4133364664

**E-mail:** keyhanmaneshr@tbzmed.ac.ir  
rkeyhanmanesh@gmail.com  
r\_keyhanmanesh@yahoo.com

## **Qualification**

**1985 – 1990** Primary school ; *Tabriz, IR Iran*

**1991 - 1996** High school; *Mashhad, IR Iran*

**1996 - 2002** Doctrate in medicine (*MD*) (*Tabriz University of Medical Sciences*),  
*Tabriz, IR Iran*

**Jan 2005- March 2008** Postgraduate student (PhD Degree); *Department of Physiology*,  
*Tabriz University of Medical Sciences, Tabriz, IR Iran*

## **Official Posts**

**Nov 2002 – Apr 2004** worked in Behzisty center as a physician (Desiagned by  
Government) in Tabriz

**March 2008 – Dec 2012** The assistant professor of physiology at Tabriz university of  
medical science

**Dec 2012-March 2017** The associate professor of physiology at Tabriz university of  
medical science

**March 2010- Sep 2012** The education office manager of medicine faculty of Tabriz  
university of medical science

**Aug 2011-Nov 2016** The educational deputy of physiology department, Tabriz  
university of medical science

**Nov 2016-now** The head of physiology department

<b>March 2017- now</b>	The professor of physiology at Tabriz university of medical sciences
<b>July 2017- now</b>	Secretary of integration Committee of faculty of medicine
<b>May 2018- now</b>	Secretary of the Accreditation Committee of the General Medical Course

## **Main Interest**

1. Respiratory Physiology
2. Endocrine physiology
3. physiology of kidney and urinary system
4. medical education

## **Doctorate (MD) Thesis**

The evaluation of the marriage and the first pregnancy age and the socioeconomic factors between primigravidas of the gynecology and obstetrics clinics

## **PhD thesis**

The evaluation of physiologic responses of airway smooth muscle to *Nigella sativa* and its main constituent, thymoquinone in a guinea pig model of asthma

## **Publications**

### **A) Articles in journals (in English)**

- 1- R. Keyhanmanesh, *et al.* The Contribution of Water and Lipid Soluble Substances in the Relaxant Effects of *Nigella sativa* Extract on Guinea Pig Tracheal Smooth Muscle (in vitro). Iranian Journal of Basic Medical Sciences 10(3):154-161; (2007).
- 2- R. Keyhanmanesh, *et al.* Relaxant effects of different fractions from *Nigella sativa* on guinea pig tracheal chains and its possible mechanism(s). IJEB 46: 805-10; (2008).
- 3- R. Keyhanmanesh, *et al.* The Effect of Thymoquinone, the Main Constituent of *Nigella sativa* on Tracheal Responsiveness and White Blood Cell Count in Lung Lavage of Sensitized guinea pigs. Planta Med 75: 1–5; (2009).
- 4- R. Keyhanmanesh, *et al.* Effect of thymoquinone on the lung pathology and cytokine levels of ovalbumin-sensitized guinea pigs, pharmacological reports 62 (5): 910-916; (2010).
